

Clinical Pilates Appointment and Cancellation Policy

Please arrive at least ten minutes before your appointment and wear appropriate clothing so your appointment can begin on time. Your appointment time will be shortened if you are running late so it does not interfere with other clients' appointments.

Each appointment time is allocated specifically for you. As a result, we require a 48 hours advanced notice of an appointment cancellation. Cancellations made without 48 hours advanced notice will be charged the full amount for the session. Because prepayment is required for all Pilates clients, the cancellation fee will be deducted from your prepaid package.

Current physical therapy patients can transition to Clinical Pilates for their physical therapy care. Functionize Health and Physical Therapy will issue a payment receipt to submit to your insurance for reimbursement. A referral from a physician is required and the services must be deemed medically necessary. The physical therapist will send periodic reports to the doctor regarding the patient's progress. However, ultimately it is the patient's responsibility to ensure that their referral is current throughout their care. Once the physical therapy services are no longer deemed medically necessary, you have the choice to transition to the Fitness Pilates rates.

Clinical Pilates Rates:

- Single session \$140/50 min session
- Set of 6 sessions \$750 (\$125/50 min session)
- Set of 10 sessions \$1200 (\$120/50 min session)

Prepayment is required and is due at the time of service
